

At 0910 on 9 MARCH 78 I had a very nice and helpful talk with TSgt. Brown. We talked about Ann King's complaint of discrimination and I feel it should have stopped by now. And I don't feel it was ~~was~~ handled properly in the past.

I feel I am totally right about the letter of Counseling I wrote on her in January; but on her A.P.R. I have mixed feelings about ^{it} and I am still not sure it is an appropriate A.P.R. for the way it was handled.

When I left Brown's office I felt he is doing a good job so far and I truly feel that finally something will be done about the whole situation.
